I Sarah Bradbury acknowledge and respect the Veterinary Surgeons Act 1966 and Exemption Order 2015 by never working upon an animal without gaining prior veterinary consent. As stated by the RCVS, "physiotherapy" is interpreted as including all kinds of manipulative therapy (section 19.21)

Canine Massage Guild

Clinical Canine Massage Therapy

- I Sarah Bradbury, am a member of the Canine Massage Guild and I have trained for 2 Years on the Clinical Canine Massage Practitioner Programme externally accredited by LANTRA* via the Canine Massage Therapy Centre.
- My professional membership, training and credentials may be checked by visiting the online professional therapist register www.k9-massageguild.co.uk/therapistregister
- More information about me can be found on my own website www.thepointcaninemassage.co.uk or I welcome your phone call on **07825556063**
- The Canine Massage Guild began participating in the world's first clinical trials with Winchester University and Sparsholt University Centre in 2018. The results, published in the Vet Record in June 2021, found *"95% of dogs responded to Canine Massage Therapy"*. The study also shows *"significant decrease in pain severity following canine massage therapy"*.

The Clinical Trials research is available here: <https://bvajournals.onlinelibrary.wiley.com/.../vetr.586>

- Each year I commit to a minimum of 25 hours CPD as part of the Canine Massage Guild's strong code of ethics and conduct.
- I hold my own professional indemnity and public liability insurance which is audited annually by the Canine Massage Guild.
- I always abide by the Veterinary Surgeons Act 1966 and Exemptions Order 2015, by never working on an animal without veterinary consent. As stated by the RCVS, "Physiotherapy" is interpreted as including all kinds of manipulative therapy" (Section 19.21), thus including massage therapy. Manipulation under massage therapy is limited to (or refers to) soft tissue and testing a joint's range of motion. I do not manipulate joints like a chiropractor.
- I specialise in the use of Myofascial Release, Remedial Sports Massage, Deep Tissue Massage and Swedish Massage as well as the Lenton Method™ of Myofascial Release. More details may be found on the Canine Massage Guild website.
- I ensure continuity of client care by providing a written report back to the surgery upon completion of a client's initial sessions.
- I comply with GDPR Compliance 2018 and the Data Protection Act 1998.
- Clinical Canine Massage Therapy is suitable for soft tissue injury rehabilitation and for chronic pain management of orthopaedic conditions as well as pre and post-operative care. It is commonly used amongst sporting, performance and agility competitors too. If you would like an Integrated Veterinary Care Initiative educational pack on Clinical Canine Massage for your surgery please contact me and I will be more than happy to send one for your perusal.
- I am also available for Lunch 'n' Learns or client presentation evenings to speak on Clinical Canine Massage Therapy.
- The Canine Massage Guild are approved complementary therapy providers officially recognised by insurance companies – Petplan, LV and Pets at Home. Please check your policy for other insurance providers
